# Where sealing is business

# - the source

**C**ompletely Original.Originally Complete.

**Stone** gasket set contents are originally designed from the hands-on survey of repair services.
Every **Stone** set contains all component parts needed to complete the service work.

**R**eliable O.E.Quality

Every **Stone** gasket is designed,engineered and manufactured upon O.E.specifications plus expertise and experience of serving the engine maintenance industry.

**I**nventory Cost Decrease

Every single **Stone** gasket set applies to many more different engine versions and vehicle models.
Considerably less number of different gasket sets in your inventory will build up significantly larger business volume.

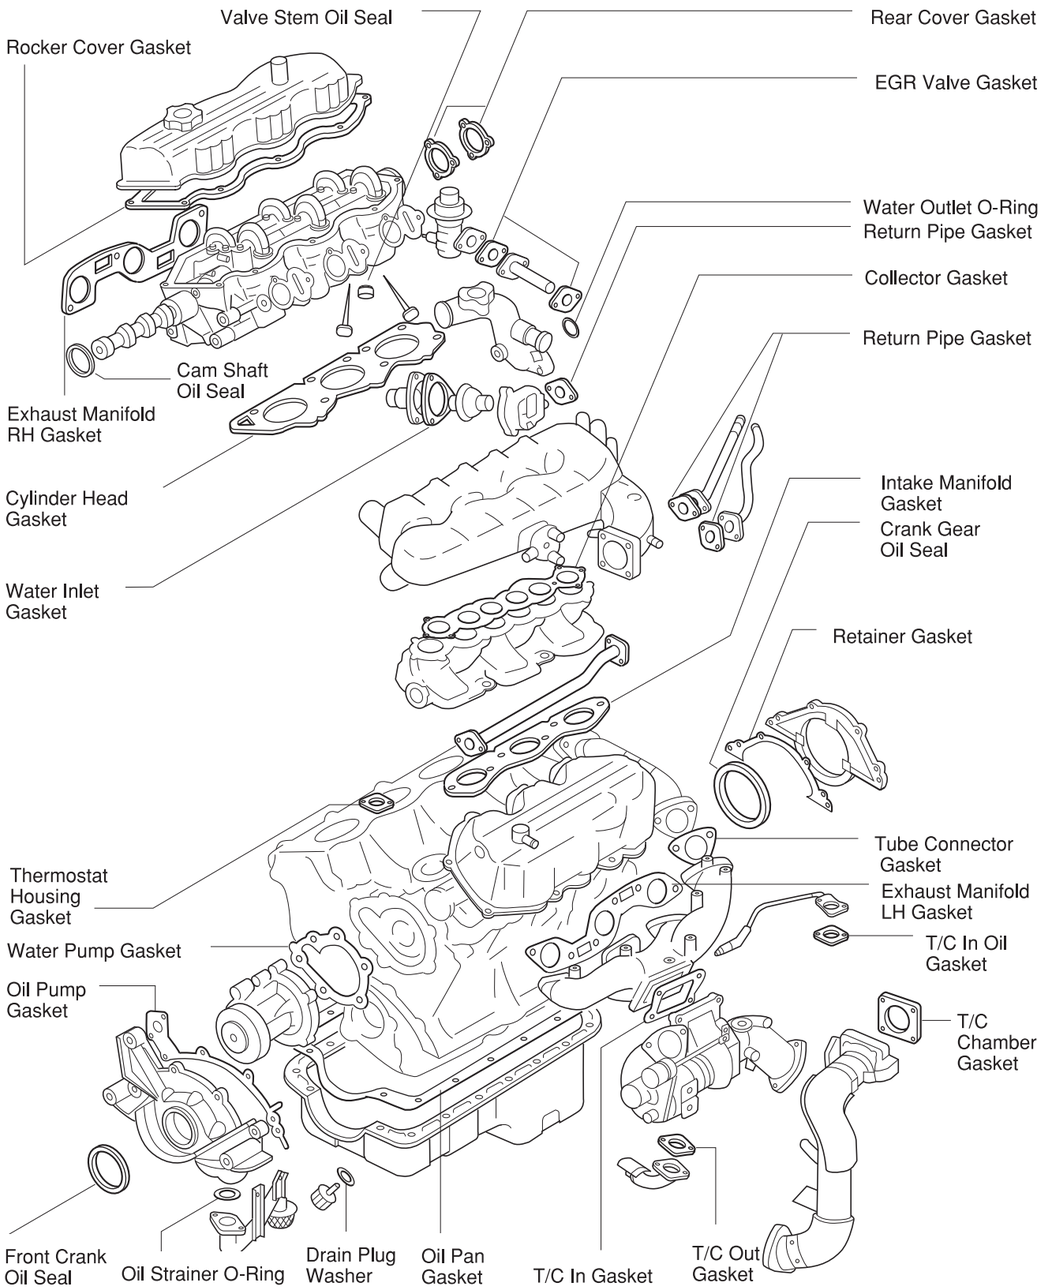

**W**arranty

**Stone** products are warranted against wear and defect when used on private passenger cars and light trucks under normal operating condition and when properly installed and maintained.

**C**ustom-made Gaskets

**Stone** is the most reliable source of custom-made special gaskets on individual customer's inquiry basis, such as for transmissions, exhaust system,racing vehicles.**Stone** is also the pioneer of non-asbestos gaskets.

# Gaskets used in automobile engine

# How to use this catalog

The Contents of **Stone** gasket sets may differ from those of O.E. service sets, as **Stone** may contain extra gaskets and seals for wider application to different engine versions and vehicle models, and for complete engine service work with one set.

**Stone** reserves the right to change the contents of the gasket sets, the material of each component and the price, with or without prior notice.

---

Only represented **vehicle models** are listed.

**Year** application is based on model years for Japanese market.
